EDUCATION

ABESIT — B.Tech in Computer Science & Engineering	2024 – 2028
CGPA / Percentage	73.9%
Year	2nd Year

TECHNICAL SKILLS

Programming Languages:	Java, Python, C
Core Subjects:	Data Structures & Algorithms, Operating Systems, Cyber Security
Web Technologies:	HTML
Tools & Platforms:	GitHub

PROJECTS

Student Management System	2024
----------------------------------	------

Language: Java

- Developed a console-based application to manage student records including add, update, delete, and search operations.
- Implemented file handling for persistent data storage and retrieval across sessions.
- Applied OOP principles including encapsulation, inheritance, and abstraction.

Calculator Application	2024
-------------------------------	------

Language: Java

- Built a functional calculator supporting arithmetic operations: addition, subtraction, multiplication, and division.
- Designed a clean user interface with input validation and error handling for edge cases.
- Demonstrated modular programming by separating UI logic from computation logic.

CERTIFICATIONS

- Core Java Training — ABESIT College (In-house Training Program)
- Java Programming — Infosys Springboard
- Python Programming — Infosys Springboard
- Data Structures — CodeChef
- Soft Skills Development — NPTEL (IIT/NIT)

ADDITIONAL INFORMATION

- Actively building problem-solving skills through DSA practice.
- Exploring open-source contributions via GitHub.
- Strong foundation in core CS concepts: OS, OOP, and Cyber Security.
